# HIGH RESOLUTION IMAGING MAGIC 6000

---

*Partnering with veterinarians in clinical practice has helped develop the products that clinicians need. The MAGIC 6000 provides crisp and clear diagnostic images for veterinarians.*

#### **Clear Image**

Pleasant image presentation even at a longer viewing distance.

#### **Simple Archive System**

iStation™ helps you find the correct patient data quickly and efficiently.

#### **Easy to Use**

The combined keyboard and menu navigation controls make it uncomplicated for beginners to find their way.

#### **Ideal for Small Animal Practice**

The second transducer connector allows the use of multiple probes during the scan.

---

*The MAGIC 6000 is a reliable companion in my mixed practice. With it, I can examine small and large patients easily.*
